## **Acknowledgements**

I acknowledge the assistance given to me by the students who agreed to take part in this study, and to my Supervisor June Mitchell, who provided constant support throughout the process of producing this thesis.

## Table of Contents

### **Chapter One: Introduction to the study**

1.1 Introduction and rationale	1
1.2 The professional context	2
1.3 The research study	3
1.4 Aims and objectives	4
1.5 Thesis structure	5

### **Literature Review**

#### **Chapter Two: Twenty first century nursing students**

2.1 Introduction	8
2.2 The student demographic profile	9
2.3 Widening participation in nurse education	14
2.4 The effect of pre-entry expectations of nursing	16
2.5 Perceptions of nursing	19
2.6 Summary	21

#### **Chapter Three: Nurse Education**

3.1 Introduction	22
------------------	----

#### **Section One – Learning nursing within the university**

3.2 Introduction	25
3.3 Nursing at graduate level	26
3.4 Student nurse expectation of learning at university	29
3.5 The nursing curriculum within higher education	30
3.6 Teaching and learning within nurse education in university	33

3.7 The notion of caring within the curriculum	35
<b>Section Two – Learning nursing within the clinical environment</b>	<b>38</b>
3.8 Introduction	38
3.9 The clinical environment	39
3.10 The influence of staff upon learning	41
3.11 A sense of belonging	43
3.12 Supernumerary status	46
3.13 Socialisation and transition	
509	
3.14 Summary	53
<b>Methodology</b>	
<b>Chapter Four: Methodology</b>	
4.1 Introduction	54
4.2 Research aim	54
4.3 Research questions	54
4.4 Methodology and methods	55
4.5 Data analysis	68
4.6 Reliability and validity in qualitative research	73
4.7 Triangulation	77
4.8 Ethical issues	78
4.9 Participants	82
4.10 Summary	83
<b>Chapter Five: Research tool development and pilot study</b>	

5.1 Introduction	84
5.2 Objectives	84
5.3 Sample	84
5.4 Research tool development	85
5.5 Analysis	86
5.6 Discussion	87
5.7 Summary	91
<b>Chapter Six: The sample</b>	
6.1 Introduction	92
6.2 Biographical data	92
6.3 First year cohort	93
6.4 Second year cohort	94
6.5 Third year cohort	95
<b>Analysis</b>	
<b>Chapter Seven: The findings</b>	
7.1 Introduction	96
7.2 Self characterization	97
7.3 Photo selection	100
7.4 Repertory grids	113
7.5 Focus groups	123
7.6 Summary	133
<b>Chapter Eight: Analysis of findings</b>	
8.1 Introduction	134

8.2 Self characterization	135
8.3 Photo selection	140
8.4 Repertory grids	153
8.5 Focus groups	162
8.6 Codes and themes	168
8.7 Comparison between tools	172
8.8 Summary	177
<b>Discussion</b>	
Key findings	179
<b>Chapter Nine: Discussion</b>	
9.1 Introduction	182
9.2 What are the further education students' pre-entry expectations of nursing?	183
9.3 Why do further education students enter nursing?	189
9.4 What do further education students expect nursing to involve when they start the programme?	193
9.5 How do these expectations change throughout the education programme?	197
9.6 Summary	201
<b>Chapter Ten: Discussion</b>	
10.1 Introduction	202
10.2 What are the further education students' pre-entry expectations of higher education?	203
10.3 What do further education students expect nurse education to involve when they start the programme?	210

10.4 How do these expectations change throughout the education programme?	217
10.5 Summary	226

### **Chapter Eleven: Discussion**

11.1 Introduction	227
11.2 Which aspects of the student learning experience influence their perception of nursing and nurse education?	228
11.3 What are the further education students' experiences of learning within the clinical environment?	241
11.4 How does their on-course experience differ from their expectations?	254
11.5 Summary	260

### **Chapter Twelve: Conclusions and recommendations**

12.1 Introduction	262
12.2 Limitations	263
12.3 Conclusions	265
12.4 Recommendations	267
12.5 Further study	268

## **Content of Figures**

Figure 1: Themes emerging from self characterization	136
Figure 2: Themes emerging from photo selection	140
Figure 3: Themes emerging from repertory grid formation	154
Figure 4: Themes emerging from focus groups	162
Figure 5: Themes from data analysis	168
Figure 6: Themes and sub themes related to research question one	170
Figure 7: Themes and sub themes related to research question 2	170
Figure 8a: Themes and sub themes related to research question 3	171
Figure 8b: Themes and sub themes related to research question three	171

## Content of Tables

Table 1: Age	92
Table 2: Gender	92
Table 3: Previous care experience	93
Table 4: Ethnic background	93
Table 5: Researcher selected photos and associated themes from the literature	101
Table 6a: Photo selection (first year cohort)	103
Table 6b: Photo selection (first year cohort)	103
Table 7a: Photo selection (second year cohort)	105
Table 7b: Photo selection (second year cohort)	105
Table 7c: Photo selection (second year cohort)	107
Table 8a: Photo selection (third year cohort)	109
Table 8b: Photo selection (third year cohort)	109
Table 8c: Photo selection (third year cohort)	111
Table 9a: Common repertory grid constructs (first year cohort)	113
Table 9b: Less common repertory grid constructs (first year cohort)	114
Table 10a: Rating of the researcher selected elements (first year cohort)	114
Table 10b: Individual scores for each photo (first year cohort)	115
Table 11a: Common repertory grid constructs (second year cohort)	116
Table 11b: Less common repertory grid constructs (second year cohort)	117
Table 12a: Rating of the researcher selected elements (second year cohort)	117

Table 12b: Individual scores for each photo (second year cohort)	118
Table 13a: Common repertory grid constructs (third year cohort)	119
Table 13b: Less common repertory grid constructs (third year cohort)	120
Table 14a: Rating of the researcher selected elements (third year cohort)	120
Table 14b: Individual scores for each photo (third year cohort)	121
Table 15: Photo selection (patient care)	141
Table 16: Photo selection (student expectations)	142
Table 17: Photo selection (image)	144
Table 18: Photo selection (the role of the nurse)	146
Table 19: Percentage of selected photos relating to theoretical knowledge and clinical learning by group	147
Table 20: Photo selection (teamwork)	148
Table 21: Photo selection (theoretical knowledge)	149
Table 22: Photo selection (student support)	151
Table 23: Photo selection (student emotions)	152
Table 24: Constructs (self concept)	155
Table 25: Constructs (image)	156
Table 26: Constructs (professional identity)	157
Table 27: Constructs (clinical learning)	157
Table 28: Constructs (student emotions)	159
Table 29a: Themes associated with “most similar” photos	160
Table 29b: Themes associated with “least similar” photos	161

Table 30: Rating of photos across the cohorts	162
Table 31: Research questions, themes and key findings	179
