

**Acknowledgements:**

Many thanks to Annabel (Project Co-worker), Grace (Team Leader) and Morah (Team Secretary) for their help and support.

Thanks also to Donald Christie and Sister Mary Ross (Thesis Supervisors).

To all those who completed interviews and agreed for this information to be shared for the furtherment of knowledge in this field.

Shonaugh for all her hard work as a reliable friend.

Above all to Heather, Fergus, Angus, Kirsty, Callum and Eilidh, to whom this thesis is dedicated and to Harris without whom there would be no thesis.
